

Woodhaven Parks and Recreation Department

PLAYING IN THE CORRECT AGE DIVISION

This is an informational letter to explain the age divisions of the Woodhaven Parks and Recreation Baseball and Softball Programs. The age divisions are established to coordinate closely with national organizations.

The Parks and Recreation Department encourages parents to place their child in the appropriate age level. The primary purpose for age levels is to provide for balanced and fair competition between participants and teams. As a child continues in a sport there will mostly likely be times when they are separated from friends due to the age requirement policy. This may be difficult at first for a child but will improve as new friendships are development, with support from adults, and experiencing team commitment and camaraderie

If a parent is requesting their child be placed in an older age division, they are required to submit a letter to the Recreation Director. .

During the player registration period, a parent must register their child for the correct age division and then note on the registration form that they wish to place their child in the next age group.

Baseball

Player's age on April 30 of current year will determine age division for season.

Softball

Player's age on January 1 of current year will determine age division for season

We thank the parents for their support and understanding.

Sincerely,

Woodhaven Parks and Recreation Staff

(734) 675-4926
