While the Construction in the City so far has been painful it will be coming to an end soon. There will be a new road connecting West and Van Horn Rd along I-75, the MDOT pedestrian overpass of I-75, as well as Wayne County’s repaving of West Rd from Allen Road to the City Limit on the East.

New business continues to flock to Woodhaven with Wild Birds Unlimited, AR Workshop, and Bath and Body Works locating in the Woodhaven Commons Shopping Center; Tropical Smoothie Café and Dance Nation in Woodhaven Village Square; and RX Optical relocating to newly updated Building on Allen Rd.

Our parks have received a lot of attention with Sand Volleyball courts in Civic Center park and updates to the pocket parks. The city is in the process of getting funding for an all-inclusive play structure behind the Community Center. The splash pad is open for summer for a fun way for kids to cool off for summer and is free. There is a water proof wheelchair available inside the community center for use as well.

Uncle Sam Jam is July 6th-9th in Civic Center Park. Thursday will be family day at the carnival with reduced rates for rides. Fireworks will be Friday night, July 7th! Ratt, Uncle Kracker, and Your Generation will be playing, Friday, Saturday and Sunday night respectively. I hope to see you all there!

Have a Great Summer!

WHAT IS A COLONOSCOPY?
Colonoscopy is a procedure which allows our doctors to view the lining of your colon (large intestine). A thin, flexible tube called a colonoscope, which has its own lens and light source, is inserted into the anus and slowly advanced from the rectum to the cecum (the anatomic beginning of the colon). Polyps, colon cancer and any inflammation can be found during a colonoscopy. Biopsies can be obtained and most polyps can be removed during a colonoscopy.

SHOULD I HAVE A COLONOSCOPY?
The US preventive service task force recommends a screening colonoscopy at the age of 50. Nearly 90% of all colorectal cancers are found in people over 50 years old, however, recently a sharp rise in colorectal cancer has been found in adults in their 20s and 30s. Experts do not have an explanation for this but it does lead us to conclude the importance of being screened regardless of age. Family history is also an important factor in deciding to have a colonoscopy. If colorectal cancer is part of your family history it increases the urgency of having a colonoscopy. Concern and worry about the invasive nature of the procedure is normal. It is important to talk with a licensed gastroenterologist who can help you understand the process and why it is important to your health and longevity.

WHERE DO I START?
Downriver Gastroenterology and Dr. Singh provides excellence in medicine combined with compassionate and personalized care. As a member of the American Society of Gastroenterology and the American Osteopathic Association, Dr. Singh has the proven ability to educate you and help with your colonoscopy procedure.

Summertime

This is no time to slow down

With the last day of school upon us, now is the time our thoughts turn to summer fun, the outdoors, picnics and festivals — like the one coming to Woodhaven this summer.

ThinkStretch is a summer learning workbook that each elementary student receives at the end of the school year. The book is part of our program to help students remain fresh in their skills in reading, writing and mathematics, along with bonus activities in science. It’s simple to use and not overwhelming to students or their families.

Students are eligible to incentives unique to their elementary school — such as medals and raffle drawings — based on completion of their workbook. Throughout the summer, the program offers check-ins to allow students to ask questions about their book and interact with other students in play and activities.

Also help bridge that gap.

The first is our ThinkStretch program (below), which starts later this month; and our Summer Sizzler in August.

Of course, nothing we can do compares to what our parents can do: get them books to read, take them to the library, have them calculate the cost of items when you go shopping.

It’s amazing what little things can be done when you slack them on top of another.

So here’s to a great — and productive — summer.

— Mark Greathead
Superintendent

NEW FOR YOU!
Disc Golf is coming to Civic Center Park

Based on many requests from our residents, the city will be installing a disc golf course in Civic Center Park. The nine-hole course will be ready for play beginning sometime between mid-July and the first of August. The new course is open to the public year-round, weather permitting and as course conditions allow. Special Note: The course may be closed on some weekends due to special event programming and pavilion rentals.

Disc golf is a precision accuracy sport in which individual players traverse through a course and throw flying discs at targets. Rules are similar to those of traditional golf, and the object of the game is to complete the course with the fewest number of throws. The game is free and designed to be enjoyed by people of all ages, which makes the sport affordable and family-friendly.

Sand Volleyball Courts

On June 6, 2017, the newly renovated Civic Center Sand Volleyball Courts opened to a volley of cheers and spikes of thunder from high school students from all over Downriver area. The Woodhaven High School team is hosting an inaugural sand volleyball league featuring 10 teams every Tuesday night throughout the summer.

With the support of Mayor Pat Odette and City Council, the Woodhaven Recreation Commission’s request to upgrade the sand volleyball courts was approved early this spring. Once approval was granted, the Woodhaven DPS went to work and completed the upgrades in time for summer picnic season, family reunions, Woodhaven Company picnics, drop-in programs and leagues.

We invite our residents to come enjoy playing volleyball on the new courts. You will love the challenge and enjoy playing outdoors in the Michigan summer weather.

I f you happen to be out and about anywhere Downriver on Saturday, July 29 and hear a loud rumbling coming your way, don’t be alarmed or take cover. The noise will be emanating from a large group of kind-hearted motorcyclists participating in the Megan Rose Memorial Dice Run.

Proceeds from the fifth annual ride will be donated to the Madison Center, the Wyandotte school that offers special education programming for special needs students between the ages of 3-26. More specifically, the money will help pay for the school’s universally accessible playground, which is specifically designed for children with physical and developmental disabilities. The $72,000 project is being financed completely by fundraisers and donations from the community. Over the course of its first four years, the Dice Run raised about $30,000 towards the project, according to Laurie Smith, who coordinates the event. Along with her husband Matt, Smith co-owns Sneaky’s Bar and Grill in Woodhaven, which hosts the dinner and after-party portion of the event.

Matt said the idea for the Dice Run came about after an employee, Tom Mulraney, came to them about hosting some kind of fundraiser to help with the Madison Center Playground Project. Mulraney’s daughter, Megan Rose, who passed away in 2011, had been a student at the Madison Center and he wanted to do something to help. They named the charity after Mulraney’s daughter.

“I ride a lot, and I always wanted to host some kind of charity ride. Plus, since we bought the bar, Laurie and I wanted to host some kind of charity event to give back to the community. So when Tom came to us about his idea, it all kind of fell into place,” said Matt Smith.

To participate in the event, simply come to Sneaky’s on July 29. Check-in begins at 11 a.m., and the last rider will leave by noon. Participants will return to Sneaky’s at 5 p.m., when dinner will be served.

Cost is a $20 donation per single rider and another $10 for a passenger (or $5 for a passenger 10 or under). The Rolling For A Cause

Local businesses provide most of the items that are raffled. Last year, Serendipity Cakery’s Tammie Bachran donated a basket of sweet treats. Laurie Smith (holding check) and her husband Matt (behind her) were joined by city and school district officials when they presented proceeds from their event to the Madison Center.

**Why is Kriya Different?**

As technology, multi-tasking, and jammed-packed schedules become the focus of our everyday lives, we often lose our “connection” to ourselves and the people we love. We become so focused on our next task, post, or activity that we don’t recognize the joy of the present moment. The blessings that surround us everyday are sometimes glazed over and not really appreciated. At Kriya we offer many services that allow you to slow down, reconnect with yourself, move your body, burn calories, relieve stress, strengthen your mind, body, spirit and teach you tools to define your goals as well as a plan for successfully reaching them. With yoga classes, Reiki, personal training, massage, Infrared Heat Aromatherapy Treatments, art classes, gratitude journal writing/painting/drawing, nutrition workshops, and monthly “group” coaching options, our Kriya community is sure to gently guide you on your life journey.

If you “think” you may want to make a change in your life or a place to continue living a successful life full of joy, gratitude, and self love please check out our website and stop in. We would love the opportunity to practice along side you!

price includes dinner after the ride at Sneaky’s. If you can’t make the ride, you can pay $10 for dinner (or $5 for children 10 and under).

The ride will include three or four stops where participants will roll some dice, kind of Yahtzee-style, and have the ability to win cash prizes with the highest and lowest totals.

Back at Sneaky’s dinner will be served, but there will also be 50-50 raffles, as well as basket raffles. There will be a variety of items raffled off. In the past they have included sports memorabilia, lottery tickets, gas cards, beach chairs, and two custom-made coolers.

“We spend a fair amount of time planning the event, and going out asking for donations to raffle,” Matt Smith said. “All of the items are donated. We’ve had a lot of local businesses step up to help us out.”

In its first year, the Dice Run raised about $4,000 for the Madison playground. The last two years, however, the event has really grown and organizers handed over checks to the Madison Center for nearly $10,000 each year.

“It’s getting bigger and bigger every year,” said Laurie Smith. “I wouldn’t be surprised if we have 150 riders this year.”

The Smiths, who both grew up in Taylor and now live in Gibraltar, said the event will continue in the future, and, once the Madison playground is paid for, they will begin funding other charities that help children. But for now, they are thrilled that they were able to help build such a special playground, which is being enjoyed by Madison’s students.

The playground, which first opened in 2015 and was built in several phases, includes a soft landing area made from recycled tires, specialized adapted swings and ramps that allow children in wheelchairs to have total access.

Laurie Smith said Dice Run organizers have made a couple site visits, and are thrilled to see all the hard work pay off.

“The best feeling is when you see those kids enjoying themselves. When we go over there and see them having such a good time, laughing and smiling. This is their chance to get out and just be kids. They have so many challenges, but when they are out there playing on the playground, they’re having fun just like any kid would. That’s what makes this all worth it,” she said.

If you can’t make it the day of the event, but would still like to help out the cause, stop by Sneaky’s anytime and donate. For more information, call (734) 692-7470.

3RD GENERATION AND STILL ON TOP

Doug Henry and Foliage Concepts have been landscaping throughout the Metropolitan Detroit area for over 3 decades and are still making the news. Doug, his father and his grandfather have worked their entire lives making Downriver beautiful. Past accomplishments include receiving the prestigious Presidents’ Plaque from the Keep Michigan Beautiful Commission for award winning landscaping designs.

This year (2016) three homes landscaped by Foliage Concepts in Wyandotte were given Residential Beautification Awards. Winning designs were chosen by the Wyandotte Beautification Commission and based on Color, Texture, Creative Design, planting, variety, hardscape elements and maintenance. Doug always attributes awards won to his creative, hardworking staff, especially the company’s Supervisor, Agustin Flores, a career accomplished landscaper.

Landscaping and spirituality are connected for Doug and he enjoys sharing this passion with every homeowner he works with. The size of the job does not matter to Doug and his crew, they are treated with love, passion and hard work.

The operations at the Animal Shelter are funded by the cities of Woodhaven and Trenton and by donations from generous people like you.

The Animal Shelter and Animal Control provide many services for the residents of Woodhaven and Trenton, including pet adoptions, owner surrenders, trapping strays and nuisance animals, volunteering, fundraising and adoption events, educating residents on keeping healthy and happy pets, enforcing all animal related laws and complaints.

City Ordinance Reminders

Please remember that ALL dogs and cats within the city of Woodhaven must be licensed with the city by April 30th each year. You would need to take proof of rabies shot to the City Clerk’s office to purchase your license.

Dogs must wear their license at all times, even while traveling in and out of state.

Please remember that when walking your dog anywhere within the city, even in parks, that the dog must be on a leash at ALL times. Please be aware that the city has a running at large ordinance for cats. Cats must be contained at all times and are not allowed to run the neighborhoods.

Adoptions

Individuals can adopt dogs, cats and other small animals (when available) during any posted hours. Adoption fees are $100. Your new pet will have a health record.

For all animals that are unable to be unaltered at the time of adoption, a $50 deposit fee will be charged. The adopter will have 30 days to alter the new pet. Once this is completed, the $50 deposit fee will be refunded. Michigan state law requires all animals adopted from an animal shelter or rescue group be spayed or neutered.

Donations

The Animal Shelter does take donations of all pet foods, blankets, toys, cleaning supplies and other animal related items. Please contact the Animal Shelter for a list of items needed from time to time. If you are not sure what to donate, gift cards to our local pet supply companies are greatly appreciated.

Volunteer Program

The Animal Shelter has a fresh new look for their volunteer program. The Animal Shelter volunteer program is in need of people to help out around the Animal Shelter, and also for fundraising events. For more information on the volunteer program, please contact the Animal Shelter at (734) 675-4956 or stop by the Animal Shelter.

Wildlife Information

Animal Control asks that you become aware that the city does have a large amount of wildlife, and we need your help to keep these animals safe. Things you can do to help the wildlife from being a nuisance are contain all trash in proper closed containers, and keep your outside grills clean of food once you’re done cooking. Please keep grass, weeds and brush trimmed back and neat. Check your chimney caps and all vents for loose areas. Raise wood piles off the ground at least six inches. Keep trees trimmed back from your home and other buildings. Make sure there are no gaps under decks that animals can move in to. Also, there are wildlife repellent sprays on the market that can help detour the animals from your property. Moth balls also are a good repellent.

Animal Control does have nuisance animal trap for a rental fee.
