

Woodhaven Fire

FREE – BLOOD SUGAR (GLUCOSE) & BLOOD PRESSURE CHECKS

The Woodhaven Fire Department is pleased to offer FREE blood sugar (glucose) & blood pressure checks for our residents. These checks can be performed during normal business hours, Monday – Saturday from 8am to 6pm at either fire station.

These free checks allow firefighters to help residents avoid illnesses that are leading causes of death in the United States, & gives residents a chance to meet our firefighters in a non-emergency situation.

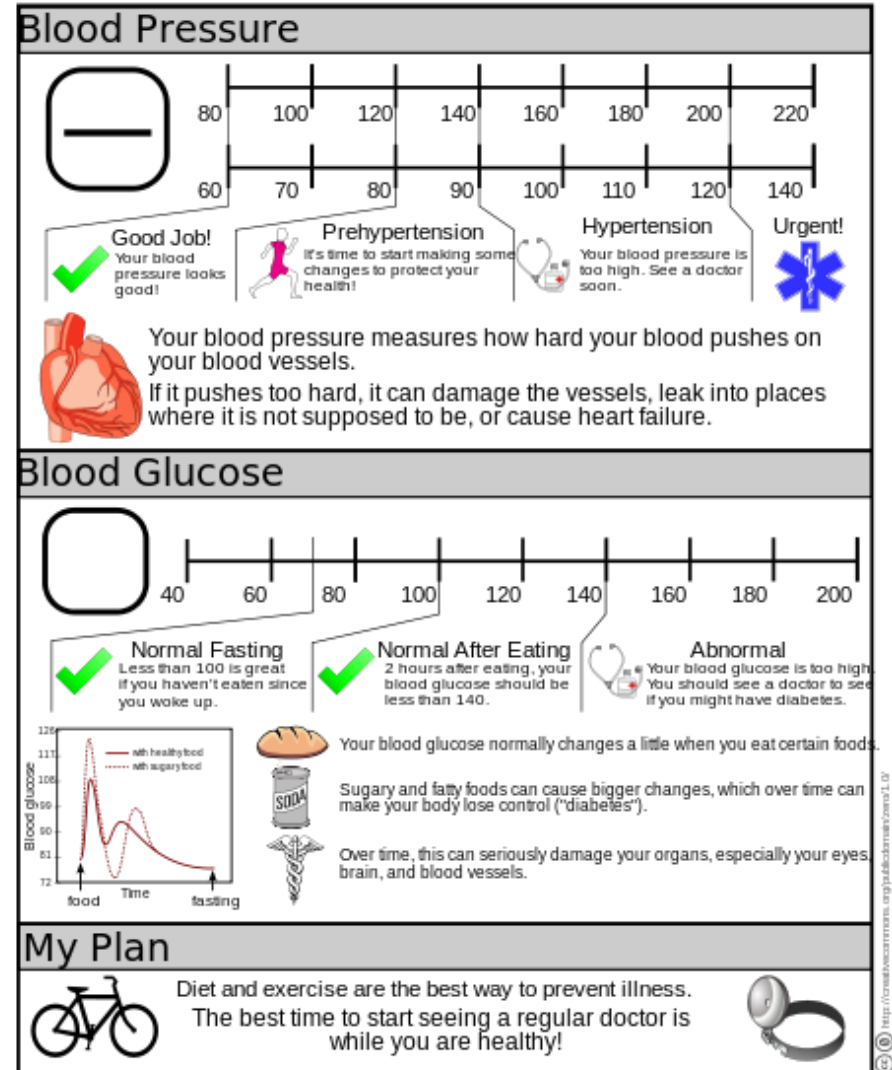

If you need additional information, please consult with your doctor, the American Diabetes Association, & the American Heart Association for more information/prevention of diabetes &/or heart disease.

Having your blood sugar & blood pressure checked promotes good health & is an important statistic to keep record. When you come by either station, our firefighters will be happy to answer any questions that you may have.

Woodhaven Fire Station 1 – 23040 Hall – 734.675.4916

Woodhaven Fire Station 2 – 18705 VanHorn – 734.675.7008
